HANGS HERSELF IN A JAIL CELL

Ethel Eckolls Alias Edith Bobe Commits Suicide at Buckhannon.

MAKES HER OWN ROPE

She Was a Resident of This City and Had Relatives Residing Here.

Suicide by hanging in the Upshur county jail at Buckhannon was the verdict in the case of a woman named Edna Eckolls alias Edith Bobe, supposed to be from Clarksburg.

The woman was found hanging in her cell by the sheriff Sunday morning, having hanged herself some time during the night. Fellow prisoners state that it was about 1 o'clock when she tore a blanket into strips and used them for the purpose of ending her life, which she accomplished by placing the noose around her neck, tying the improvised rope to a beam above and jumping from the bed in her cell. Strangulation caused death.

The woman was at the new fair here recently and was identified with the dancing company there, and she followed the company to the Buckhannon fair, where she stole two skirts and a waist from Mrs. Westfall. For this she was arrested, tried and jailed.

Addicted to the use of intoxicants and dope, she became despondent in jail after praying and begging for her liberty, and, this, together with her degraded condition in life, doubtless caused her to end it all.

Officer Whyte received the following communication from the authorities at Buckhannon:

"Edith Bobe committed suicide last night by hanging. She wrote a letter to Miss Jessie Gasto, Clarksburg, W. Va. Please see if you can locate her and find anything out about this woman, Edith Bobe. She sometimes signed her name Clara Bobe, of Bobe, and sometimes E. C. Bobe. If you can find out anything about her notify the prosecuting attorney at Buckhannon."

Making an investigation, Officer Whyte found that she was here some time ago and was with the Salvation Army; that she had an aunt, Mrs. Castro, residing on the Goff farm; Mrs. Rustus Fogg, also her aunt; and that her father's name is Benington Eakles, of Huron, Doddridge county.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case of Catarrh not cured by this cure. Send for list of testimonials. FINE CATTLE

Will Be Shown at "The Old Clarksburg Fair" to Be Held Next Week.

Some unusually fine specimens of cattle will be shown at "The Old Clarksburg Fair" next week. Harrison and adjoining counties have long been noted for the fine cattle they raise and the cattle raisers of the section have sent herds to all points of the United States and foreign countries. Farmers and cattle raisers will be especially interested in the exhibits in this department, but the exhibits will be of such a nature as to provide interest for all. There will be monster Herefords, Holsteins, Short Horns, Polled Angus and other kinds of cattle. Inspection of these splendid animals will repay a visit to the cattle stalls. A feature of the fair will be a big parade around the race track of the cattle that take the premiums.

GREAT LEADER IS TRUE

Judge Nathan Goff Teaches Lesson in Party Loyalty

GAINES WILL NOT GO ON SCHERR'S TICKET

In a Telegram to Chairman S. V. Matthews He Expresses His Attitude.

OUR LEADER IN CONGRESS

Advices Party Loyalty by Declaration of Nominees to Go On Any Other Ticket.

The following telegram was received at Republican state headquarters here last night from Congressman Joseph Gaines, conveying a significant expression of opinion as to what the attitude of Republican candidates should be as to the proposition to place their names on other than the Republican ticket and indicating the old time loyalty of the sender to his party:

"Charleston, Sept. 14, 1908

"S. V. Matthews,
"Clarksburg, W. Va.
"In my opinion Republican candidates should go upon but one ticket, and that the Republican ticket."
(Signed) "J. H. GAINES."

As seen from the message Congressman Gaines has indicated what will be his own actions in this matter. The idea is plainly conveyed that he will not consent to the use of his name on any other than the Republican ticket, on which he was nominated in the usual manner.

The telegram announces that he intends to remain true to the Grand Old party that has honored him and which he recognizes as the only political party which has developed the nation and state. It is an expression of party loyalty such as has characterized Mr. Gaines all his life, in which he has shown himself true to the party and its principles under all circumstances.

Congressman Gaines is no believer in party disruption and squarely, fairly and openly advises against lending aid or comfort to the party's enemies. He is a leader of the party and has firmly established the reputation of broad-mindedness and fairness in all matters political, commanding the position in congress of a leader and so recognized by the national representatives. As a statesman none stand higher in the West Virginia delegation and his advice in this campaign will have wide influence as he counsels only such actions and measures as he knows will promote party interests and tend to make Republican triumph all the greater and more glorious in the state he loves so well.

TWENTY NINE NATIONALITIES

Represented by the Miners at Work in West Virginia.

At least twenty-nine different nationalities of miners will be found working in the coal mines of West Virginia. So say the reports coming into the office of the Chief of the Department of Mines from the operations in the state. Of these twenty-nine and miners employed in the state it is believed that only one-half are Americans, while the remainder is divided between twenty-eight other nationalities.

Next to the American miner there are more negroes than any other nationality in the mines of West Virginia. In the year ending June 30, 1907, there were 9,908 negroes working in the coal mines of the state, or at least that number reported while during the same year 20,409 American miners were reported to be working in the coal industry.

The annual reports at the Department of Mines shows whether these foreign or American miners are employed inside or outside of the mine or at the coke yard. The nationalities reported are American, Negro, Italian, Hungarian, Polish, Austrian, Russian, Lithuanian, Slavish, German, English, Greek, Irish, Lithuanian, Roumanian, Swedish, Welsh, Syrian, Spanish, Macedonian, Belgian, Servian, Bohemian, Japanese, French, Danish, Bulgarian and Canadian.

According to the report of 1907 from the Department of Mines from McDowell county, they have two Japs working inside a mine in that county, while up in Barbour county there is a Jap working on the outside, the only three Japanese miners in the state. Fayette county has the only Canadian working at the mines in the state, while Harrison county has the only Frenchman digging black diamonds.

TUCKER COUNTY FOR MR. SWISHER

County Committee Passes Strong Resolutions for Him for Governor.

VERY FEW SCHERR VOTES

Are to Be Found in That County Since He Bolted the Party.

PARSONS, Sept. 15.—Let those who

have been of the opinion and giving out the report that Tucker county would cast a majority or a large percentage for the bolting ticket this fall dismiss such opinions from their minds. While a majority of the Republicans of this county were for Scherr before the convention, he now has a very small following in this county. Those in position to know say that the bolters will get very few votes in this county. As an evidence one might sight the resolutions passed at a meeting of the county executive committee at Davis last Saturday. There are ten members of the committee; all but two were present, and the following resolutions were passed without a dissenting voice:

Whereas, it appears that a certain element of the Republican party of West Virginia, who did not succeed in getting the persons they wanted nominated for state officers, at the Republican state convention, have formed a new party, known as the Lincoln Republican party, and have nominated candidates for state offices, and

Whereas, it is very important that any support given said Lincoln party, would merely be that much assistance to the Democratic party and ticket in this state, therefore, be it

Resolved, That we believe the sub-national committee did right in recognizing the regular Republican ticket in this state, and that we endorse and pledge our support to the entire Republican state ticket, headed by Hon. C. W. Swisher for governor, or, and further

That we will exercise more than usual diligence to secure a large majority for Taylor and Sherman electors in this county, and for all Republican candidates—National, State, County and District.

That we endorse the administration of President Theodore Roosevelt, and the work and service of Senators Elkins and Scott, and the administration and service of Hon. Wm. M. O. Dawson as governor of West Virginia.

A. A. DORSEY, Secretary.
W. J. CORRIK, Chairman.
